MUST BE SETTLED BY THE COURTS

We are in receipt of a number of communications from subscribers and others asking whether it is necessary for the prohibitionists in precincts which have gone dry to get up a petition asking for another election under the state law or whether the proposition is up to the wets. In reply we will state that the whole proposition is in a big tangle. It all depends whether or not the State law supersedes the county ordinance. There is only one way to settle it and that is for some one from a dry precinct to apply to the Board for a license. If the Board refuses the license he can then apply for a writ of mandate from the Superior Court compelling them to issue it. When he makes the application then the proposition is up to the Superior Judge.

If the Board of Supervisors repeals the ordinance which allows precinct option then the matter is under the State law and the quetsion will have to be settled by elections in Supervisoral districts.

It is the opinion of several Ukiah attorneys that both the State Law and the county ordinance will hold and that we have both precinct and Supervisoral option in this county.

As stated above, a test case will have to be made, however, unless the Supervisors should repeal the county ordinance.

John L. Rose, a well known attorney of Oakland, had business in Ukiah last Wednesday.

DON'T FORGET THE BENEFIT MONDAY

Manager Winnie Cox, of the Victory theatre, has turned the theatre over to the Fourth of July Committee for their benefit next Monday night. Don't forget this benefit for the receipts all go to the Committee to help swell the Fourth of July fund. Particulars on the handbills.

A good set of films has been engaged for the occasion and if necessary three performances will be given to accomodate the patrons. Get out and boost and help swell the fund.

The following attractions have volunteered: Ladies Band, music. Specialties, Mrs. Roy Lynch, Frank Montgomery, C. C. Mathews, and last but not least an orignal poem delivered by R. L. Hutchison.

Irrigation Plant Working

The work of installing the pump and pipe in connection with the irrigating system on the Greek ranch in Coyote valley has been finished and pumping began the first of the week. The intake pipe is at Fort Brown and the line extends two and one half miles over the mountain to the outlet on the ranch in Coyote. There are about 100 acres under the stream, most of which is planted to alfalfa, and the ranchers in this section will now get a practical demonstration of what irrigation will accomplish in alfalfa fields. It is to be hoped that others will follow the lead set by the Greeks, as irrigation is easy all over this and Potter valleys.

The engine which is doing the work is a 100-horsepower gasoline engine.

Marriage Licenses Issued

Marriage licenses were issued the past week to John Hadley Chambers and Elizabeth Milliken, of Mendocino, and William Carlson and Selma Joutsen, of Fort Bragg.

A bunch of Santa Rosa Elks under the chaperonage of C. O. Dunbar and C. C. Donovan have been grazing around on the Ukiah ranges this week. They were looking for subscriptions from their brothers in Ukiah to help with the building of the proposed Elk's home in Santa Rosa. They collected several thousand dollars in the various towns between here and Santa Rosa.

AUDITOR COMPLETES TAX APPORTIONMENT

If anyone thinks the Auditor's office is a sinecure he has another think coming. A look in there the past week would quickly convince him of the contrary. Auditor C. W. Mathews and Deputy Mrs. Mathews have been at work on the apportionment of the taxes collected for the second installment and as the apportionment has to be finished and the report turned in within a stated time after the collection of taxes is finished, they have had to put in a good amount of overtime. But C. W. is one of the most competent officials the county has ever had and his work is invariably finished on time and is even above the standard required by law, as he takes a pride in making it a model of accuracy and neatness

The sum of $87,147.36 from the unapportioned State and County fund has been divided as follows:

RECENT DEALS IN UKIAH REAL ESTATE

Poage & Ford, the land dealers, report that they have sold the house and lot of T. T. Moore on Holden Street to E C. Metcalf and wife. Mr. Moore who came here to get rid of malaria reports himself cured and is now going to Oregon to take charge of his ranch up there.

They have also sold a part of the Beck place two miles south of Ukiah to A. H. Trathen, an insurance man of Oakland who will plant part to fruit and put into practice some of his theories for chicken farming. Mr. Trathen recently spent a week here with Dr. Maddrill and fell in love with the country.

Narrow Escape From Death

(Special Dispatch-Democrat)

Boonville, May 16th—Two of Mr. Paliady's daughters narrowly escaped death from a careless shot fired at a deer on last Tuesday. The ball passed the back of Miss Cora's head, passing through Miss Zella's hat within three quarters of an inch of her forehead just above her eyes.

The Rain

The rainfall for the past week amounted to .80 of an inch bringing the total to 32.77 against 31.07 to date last year. Warmer weather is now looked for and it is about time for if the cold continues the hop crop will be very light. The rain did a little damage to alfalfa that was down but the benefit to other crops outweighs this inestimably.

FOURTH COMMITTEE IS STILL WORKING

Notwithstanding the fact that they have not been saying much the past few days the Fourth of July committee is still on the job and have been sawing wood industriously. At the last meeting Monday evening R. L. Hutchison and T. L. Cleland were appointed as additional members on the finance committee and opened the campaign with big guns this week. The contests for Martha and George Washington and the Goddess of Liberty will begin Saturday. The candidates for Martha and George Washington are to be picked by the grammar school children from among their number and are then to be voted on. Everyone who buys stickers advertising the celebration in entitled to vote for the candidates the children put up. In this way the triple result is accomplished of electing George and Martha Washington, advertising the celebration and raising money to swell the fund.

The votes on the goddess of liberty will be managed differently. Tickets will be printed giving the purchaser one vote and these will be sold at the different business houses around town. No candidates will be nominated but everyone who buys a vote may cast it for whomever he or she desires.

The music problem has aroused considerable dicsussion and it has finally been decided to hire the Potter Valley, and Wililts bands and the Ladies' Band and Keller's Band of Ukiah.

Brown Gets Life

John Brown, the Russian who shot and killed a woman of the Fort Bragg red light district several weeks ago, as told in the Dispatch, came before the Superior Court yesterday morning and pleaded guilty to murder in the second degree. He was sentenced for life to Folsom prison, the limit for his plea.

Charles Lambert was down from Sherwood on business last Wednesday.

WILLITS HAS BUILDING BOOM

Number of Modern Business Structures and Dwelling Houses Being Built

(Special to Dispatch-Democrat)

Willits, May 16—We are now having a building boom. For some time there has not been a vacant store room or a good dwelling house to be had and all of the buildings now in course of construction and planned are already spoken for. The most extensive and expensive building will be that which the Northwesetrn Redwood Co. has started on the corner of Main and Commercial streets. This block will cost $15,000.00 and is to be completed by August 1st. The corner will be occupied by the Bank of Willits and will be in a separate building of reinforced brick and concrete and fire proof. The floor will be made of solid concrete and this will be covered with marble tiling. The interior will be finished in marble and the top of the counter will have a handsome bronze railing. This w'll be by far the handsomest and most convenient bank building in Mendocino County and equal to that of most cities.

South of the bank and facing on Main street will be four stores, all of which will have metal and plate glass fronts.

J. F. Westhpalen is builing a two story reinforcced concrete building on the site formerly occupied by Singleton's livery stable. The building will be 42x80 feet and have two store rooms on the ground floor and offices and a lodge room on the second floor.

Five good cottages have just been completed and as many more have been planned for, most of which will be in the Northwestern addition. Harry McElroy has just completed a nice bungalow in the Daugherty addition.

MAKES PRELIMINARY SURVEY

Railroad Engineer Working on Hopland-Lakeport Route for Railroad

C. R. Rankin, the railroad engineer employed by the Clear Lake Rai'road Company to lay out their preliminary survey between Lakeport and Hopland, arrived last Sunday evening and was taken to Lakeport Monday by S. E. Brookes. Mr. Rankin has been working during the week on the route assisted by Bob Morrison of Lakeport but has not yet made a report of the result of his labors. He comes highly recommended by Chief Engineer, W. C. Edes of the Northwestern Pacific. Between $60,000 and $70,000 has now been susbcribed toward the project and on the 17th of this month the company will be incorporated and officers elected. From that time on it is expected that work will be actively pushed forward until the actual construction begins—Gazette.

TIE HAULING HAS COMMENCED

Activity in Industry in Middle Coast Section Begins

Tie-hauling commenced in this vicinity the first of the week. The roads are still a little muddy in places, but are drying out fast. Wm. Burke has a crew of men putting ties in the river and several lighter loads were brought down from the boom this week. Jarvis & Nichols have put their teams on the road and other tie men have begun hauling.

The Company has disposed of about all of last season's ties, only about 6000 of the number made by it last year remaining in the yard. An order for 5000 posts for a foreign shipment was received this week, and these are being supplied by Jarvis & Nichols.

There is a call for larger sized ties this season, 7x8's and 7x9's being preferred. It is believed that these will be used on the transcontinental roads where double-tracking is done. The use of mammoth engines and heavier steel rails are probabaiy creating this demand for larger ties.—Beacon.

A MODEL SLAUGHTER HOUSE

Fort Bragg Lumber Company Erects One on Noyo Ranch

The Union Lumber Company has just completed the construction of a model slaughter-house on the line of their raiload near what is known as the Company's ranch some miles east of Fort Bragg on the Noyo river. The structure is substantially built with concrete foundation and concrete floors and will contain all the modern improvements that go with a small packing house, including a cold-storage plant. About thirty-five head of beef, besides a large number of sheep and hogs, are killed each week to supply the mill cookhouse and the railroad and logging camps of the company.

The Company has a model chicken ranch located at this same station on the railroad, and a very fine vegetable garden there also.— Beacon.

Will Relay Main

(Special Dispatch-Democrat)

Willits, May 16—The Water & Power Co. received a carload of six inch steel casing water pipe last week and will relay the main on Commercial street and a new main on North street. The town trustees and the water company are now working on the water rcute problem.

Cutting Alfalfa

First crop alfalfa is being cut this week, the yield is reported as being not quite up to the average but it is expected the second crop will make up for the deficiency.—Gazette.

Fall Results Seriously

Miss Elva Murray tripped and fell going down the steps into the cellar at her home Saturday afternoon and struck her head a severe blow. Her mother was waiting for her some distance from the house, the daughter having returned to the house after something after the two had started for town, and when she failed to return, Mrs. Murray went back and found her in an unconscious condition. Dr. Peirsol was called, and he diagnosed the trouble as concussion of the brain. Miss Murray regained consciousness and improved slowly that afternoon, and the following morning had so far recovered as to remember about the accident. She has now almost entirely recovered.—Beacon.

WORK COMMENCED ON TUNNEL

Western Entrance to Tunnel on Fort Bragg-Willits Road Started

Work on the Fort Bragg raiload is progressing very satisfactorily. A number of crews of men are at work at different places along the line and work on the western entrance to the tunnel has been commenced. Just before the western entrance to the tunnel is reached, the line of the road crosses a narrow but deep ravine. A track has been laid to the edge of this ravine and the work of making a fill there begun. The material from the tunnel can be used to good advantage in this connection and the building of a costly bridge avoided. The grade up the hill to the mouth of the tunnel will be three per cent for a large share of the way, or practically the same as that leading over the mountain from Ukiah to Willits.

This road will develop a large amount of traffic for a short line when completed. At present it not only supplies logs for the mill at Fort Bragg, but transports the lumber from three mills—Glen Blair, Duffey and Muir—to Fort Bragg for shipment by water to San Francisco and Southern California ports. At an opening about half way up the hill to the tunnel on that portion of the raiload line now under construction, a tennis court has been laid off, and apparently a summer resort is contemplated there when the road is completed.—Beacon.

SAVED MANY FROM DEATH

W. L. Mock, of Mock, Ark., believes that he has saved many lives in his 25 years of experiene in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure tht a number of my neighbors are alive and well to-day because they took my advice to use it I honestly believe its the best throat and lung medicine that's made." Easy to prove that he's right. Get a bottle free, or regular 50c or $1.00 bottle. Guaranteed by J. R. Mathews.

Some Damage to Pears

Recent heavy frosts appear to have caused some damage to pears at Hopland the blossom end of the fruit showing injury. O. R. Meyers reports several orchards as being affected in the same way. He states there is a possiblity that as the fruit develops it may throw off the blight that is now apparent. Aside from this the crop is heavy this year and developing rapidly, the size being greater than is usual at this time of the season.—Gazette.

Beat Up Ukiah Man

(Special to Dispatch)

Willits, May 16—Saturday night a party of our town boys waylaid and beat up Gus Angie, the Ukiah detective. It was their first intention to run Angle out of town but an officer interfered and stopped them. Angle swore out a warrant against two of the parties this morning in the justice court.

Bridge Progressing

Work on the new bridge at Russian gulch is going forward. The concrete piers are being laid. George Switzer has been busy the past week hauling the heavy timbers. Of the lumber used in this bridge, 190,0000 feet will be secured at this place, and 20,000 feet from Fort Bragg.—Beacon.

Will Start Manufacturing

(Special to Dispatch)

Willits, May 16—Harry Moncrieff and Mumm Reid have gone to Richmond where they have made arrangements to have their new patent wood refuse consumer manufactured. The gentlemen will hit the road and take orders as soon as they have sufficient stock manufactured.

Order to Show Cause

In the Superior Court of the State of California in and for the County of Mendocino.

In the Matter of the Estate of RUDIE HOLLENBECK, Deceased.

Order to Show Cause Why Order of Sale of Real Estate Should not Be Made

John Taylor, Administrator of the Estate of Rudie Hollenbeck, Deceased, having this 20 day of April, 1911, presented to the above Court and filed therein his verified petition asking for a Order of Sale of the real property therein set out at private sale for the reasons and purposes set out in said Petition, said real property being situated in Butte County, California, and described as, Lot One (1) and Two 2) of Block Seven (7) of Boucher's 2nd Addition to the Town of Chico as per the Official Map of said Town on file in the Office of the County Recorder of said Butte County, California;

And it appearing to the Court from said Petition that it is necessary to sell said property for the purpose of paying the debts outstanding against the decedent and the debts, expenses and charges of administration which have accrued and which will or may accrue against said Estate:

It is therefore Ordered by the Honorable J. Q. White, the Judge of said Superior Court of the County of Mendocino, State of California, that all persons interested in the Estate of Rudie Hollenbeck, Deceased, appear before the said Superior Cout on Monday the 22nd day of May, 1911 at ten o'clock A. M. of said day at the Court Room of the above named Superior Court, at the Court House in the Town of Ukiah City, County of Mendocino, State of California, then and there to show cause why an order should not be granted to the said Administrator directing him to sell the real property set out in said Petition at private sale and in the manner therein petitioned, for the reasons and purposes set out in said Petition.

It is further Ordered that a copy of this Order be published for four successive weeks prior to said May 22nd, 1911, in the Dispatch-Democrat, a weekly newspaper printed and published in Mendocino County, State of California.

SACKING A THEATER.

Tribulations of the Drama In New York In 1765.

Here is an account of the sacking of a theater in New York from the Gazette of May 3, 1765:

"The play advertised to be acted last Monday evening having given offense to sundry and divers inhabitants of this city, who thought it highly improper that such entertainments should be exhibited at this time of public distress, when great numbers of poor people can scarce find means of subsistence, whereby many persons might be tempted to neglect their business and squander that money which is necessary to the payment of their debts and the support of their families, a rumor was spread about the town that if the play went on the audience would meet with some disturbance from the multitude.

"This prevented the greatest part of those who intended to have been there from going. However, many people came, and the play was begun, but soon interrupted by the multitude, who burst open the doors and entered with noise and tumult. The audience escaped in the best manner they could. Many lost their hats and other articles of raiment. A boy had his skull fractured and was yesterday trepanned. Death is his. Several others were sorely set upon and injured. But we heard of no lives lost. The multitude immediately demolished the house, carried the pieces to the common, where they consumed them in a bonfire."

Senator Sanford left last Monday morning to attend a meeting of the State Democratic central committee in San Francisco and also to participate in a banquet in honor of Gov. Woodrow Wilson, of New Jersey, one of the foremost statesman in the United States and a possible candidate for President on the Democratic ticket in 1912.

FARMERS' CLUB MEETS SATURDAY

Our next meeting will be held in the court room on Saturday aftrenoon next, at 2 o'clock. All interested farmers are requested to be present. Mr. F. O. Mower, of the High School will make an address on farm conditions in Europe, particularly France and show how it is that those farms which have been farmed continously for 2000 years are still able to produce twice as many bushels per acre as our California farms which have not been farmed more than 50 years. This address should be of value to every man interested in agriculture in any form.

We want a good attendance in order to learn the exact sentiment of all farmers in regard to the proposed banquet and to determine the best date on which it is to be held.

Some of our members think we should make some move in regard to irrigation. One proposed plan is to drill an experimental well for artesian water in some part of the valley to determine what water flow could be secured. The plan would be to have the Club as a whole put up the money for the well with the understanding that if a certain quantity of water is found the man on whose land the well is sunk would pay the bill, but if water is not found the Club as a whole to stand the loss. Many strong arguments are advanced in support of the idea that artesian water exists under this valley. The recent drilling on the state asylum grounds tends that way. It can never be determined until a well is put down. The risk is too great for one man. If all enter into it the loss would not come heavy on any one person. Think it over and come prepared to talk about it.

The grape question is still unsettled. The recent frost seems to be responsible for the delay. No one knows for certain just what damage was done to the crops in the county south of us. The papers are reporting all kinds of high prices and for that reason some growers are holding back. If we are to judge by letters and inquires received by the Secretary from other parts of the state our advertising and giving such general publicity to the subject of grape growing will result in considerable good to the county. The real estate men are getting some inquiries for grape lands. A very responsible wine manufacturer from Los Angeles has written for detailed information in regard to the grape situation here. He wants to build a winery either on the plan of co-operation with the growers or independently and gives one of the best banks in Los Angeles as his reference.

In this connection we note that this Los Angeles man said he had seen an account of the work of the Ukiah's Farmers Club in the Wine and Spirits Review. This is the sixth inquiry I have had from persons saying they had seen an account of our work in some newspaper or magazine. As long as our local newspapers are willing to give us space I am inclined to think it pretty good advertising when their reports are so widely copied.

We wish again to remind every citizen that these meetings are free and open to all who wish to come in and listen to our discussions.

We especially need a good showing of poultry men at this next meeting.

IMPROVEMENTS IN ANDERSON

Citizens of Boonville and Vicinity get Busy. Other Items

(Special to Dispatch-Democrat)

Boonville, May 16th—Bert Adams has built for himself a shop for general repairs and, as he is an all round man with machinery he will fill a long felt want.

Dr. Huntly has painted his house, and with his new wire fence and painted fence posts makes it make a fine appearance, the Doctor has set the pace; let's follow him.

Mr. Vestal has also painted the front of the Anderson Valle Hotel.

Mr. Finly has about finished his addition to his store and is laying in a supply of farming implements.

Estel has opened his meat shop again.

Jacob Harrison has put in a new fence, and painted house and fence at Philo.

Mr. Gowan has also painted his residence.

The railroad surveyors are camped at Price's and will soon be through.

Geo. Brown is improving after his severe operation.

John Prather has just received a supply of new goods.

Boosters to Banquet

Ukiah Boosters are to give a banquet at the Palace Hotel that evening. There are upwards of 50 of them who have already signified their intention of attending.

Musical Announced

Mrs. Nellie Gibson announces that the next musical of the Inter-State Class will be given in Cleland's hall, Thursday evening June 22nd.

T. Charlton & Son are reliable dealers in all kinds of farm implements and machinery.

Omar Bates, a clerk in the employ of the government on the Round Valley reservation, was a Ukiah visitor yesterday. He proceeded to the city on the afternoon train.

Hale McCowen left yesterday for Stanford University to take in the Commencement jubilations, Hale junior, who graduated last Christmas, being one of those on whose account it all happens.

The Napa delegation of the Knights of Pythias passed through town by auto the early part of the week en route to Eureka to attend the convention of the order which is being held there.

MUSIC COMMITTEE TO GIVE MATINEE

The Ukiah Driving Club will give a Matinee on the afternoon of May 30 (Decoration day) for the benefit of the Music Committee for the 4th of July Celebration.

The Driving Club has arranged a particulalrly interesting card for the occasion, which consists of four trotting and pacing events between horses that are evenly matched, and which will be worth going a good ways to see. The main event of the afternoon will be the trot of half mile heats, best 3 in 5, between Dr. Rea's bay mare Maxine; Lew Cunningham's bay gelding McGilvary, and Dr. Hudson's bay gelding Claude Duval. These horses have raced against each other on previous occasions and the difference between them was so slight that a break or mistake on the part of either would cause his defeat.

McGilvary was formerly owned by H. B. Smith, but recently sold by him to his present owner. McGilvary has been very fortunate in that he has won every race in which he has been a starter.

Claude Duval, formerly owned by Lewis Charlton, won his race at the Matinee given on the 13th inst from Decoration W. and Duke T., and also won the Mendocino and Sonoma County Futurity stake in 1908. Maxine has won several races over the Ukiah track and has the faculty of making her competitors trot all the way. She is a very handy little mare and will be ready to give a good account of herself when the word is given.

Another race which is causing considerable attention is the trot and pace between Fred Jasper's Decoration W., and Dr. Thomas' Duke T. These horses raced against each other at the last Matinee and each won a heat from the other, making the honor now even and the outcome of their next meeting is causing much interest.

The third event will be a two year old contest between Fred Jasper's brown filley Jasperine, W. S. Kellaway's brown colt Freddie J., and Lewis Charlton's chestnut mare, Miss Jasper. These colts are so evenly matched in speed that it has not yet been determined which has the best chance to win. All of the colts in this race, while now owned by different parties, were bred and raised by Mr. Fred Jasper, who has been taking quite an interest lately in producing light harness horses.

The Speed Committee has arranged an event for the afternoon, as a part of the programme, which should cause an equal if not more interest than any of the features already mentioned. There has been considerable contention between Thomas Charlton, Philo Handy and Frank Sandelin as to their superior reinsmanship and they have appealed to the driving club to have their difference of opinion adjusted. The Club's solution of the matter is that they will select either trotters or pacers capable of going better than a 3 minute gate, and have the race to be half mile heats, 2 best in three, hitched to cart (horses not men) and each driver is assigned his mount five minutes before the start.

The gentlemen mentioned have agreed to the conditions named and will go into training at once.

The race trackis being sprinkled and harrowed every day and is now in better condition than ever before. There will be no liquor or gambling allowed on the ground. The generl admission will be 25 cents. The Music Committee will make every endeavor to have the Matinee a financial succes.

A SMILE

is a pretty hard thing to accomplish when you're blue bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Herbine is mild, yet absolutely effective in all cases. Price 25 cents per bottle. Sold by E. B. Gibson.

For Rent Furnished

Queer Lawsuit.

Perhaps the most remarkable suit ever brought is on the records of the court of the exchequer in England. It was filed on Oct. 3, 1725, and it sets forth very clearly that John Everit and Joseph Williams were highway robbers. In its succinct legal phrases the complaint says that the men formed a partnership for the purpose of carrying on business as highwaymen. It was mighty profitable, as was shown by the fact that Everit sued Williams for the equivalent of $5,000, "being for moneys wrongfully appropriated to defendant's private purse." This was the amount in dispute after the partnership had lasted only a year. Then Everit claimed that he discovered that his partner had not made a fair division of the spoils. The action was adjudged to be a gross contempt of court, and the plaintiff was ordered to pay all costs, while the solicitors who served the writ were fined. One of the solicitors, a man named Wreathcock, refused to pay the fine and was sent to prison for six months. Both plaintiff and defendant to the action were subsequently hanged, one at Tyburn and the other at Maidstone.

Spoke Their Minds.

The original woman's rights woman of the modern era, according to a contributor to the Paris Figaro, was Olympe de Gonges, a Frenchwoman who was beheaded, but not before she had wittily pointed out the gulf, fixed by custom, between woman's inherent and her civic rights. In 1791, in a manifesto which had no precedent whatever and which contained an article which has kept suffragists going ever since, the intrepid Olympe de Gonges declared, "Woman has the right to mount the scaffold; she should also have the right to mount the tribune."

Another way of expressing the same idea is credited to Mme. Condorcet. It is said that Bonaparte when consul remarked to Mme. Condorcet:

"I don't like to have women mix up in politics."

"In a country where their heads are cut off," the wife of the philosopher returned without hesitation, "it is natural that they should want to know the reason why."

Good Eating.

Reginald De Koven, at his daughter's wedding breakfast in New York, praised the appetite of musicians. "Being fine, healthy fellows," he said, "musicians always have good appetites. You know, perhaps, what Rossini once declared.

"'If I am to dine on roast turkey,' said Rossini, 'there should be only two at table—myself and the turkey. If, however, it is a question of grilled chicken, then the company should number three—myself and two chickens.'"

Under an Old Oak Tree.

Many years ago two small Russian boys buried a green hobbyhorse under an oak with such solemn rites as their childish imagination suggested. They believed that when the horse was disinterred the reign of happiness would begin. One of the boys, who died recently a sad and disappointed old man, was buried at his own request beneath the same oak under which he had his youthful dream. His name was Tolstoy.

TRIBUTE TO THE TOILERS.

Humble Men Who Labor Are America's Might, Says Wilson.

In one of his recent addresses Governor Woodrow Wilson of New Jersey paid an eloquent tribute to the toiling millions whose labor has given America its place among the nations. He said:

"You know how it thrills our blood sometimes to see how all the nations of the earth wait to see what America is going to do with her power—her physical power—her enormous resources, her enormous wealth, her power to levy innumerable armies and build up armaments which might conquer the world.

"But what has made us strong? The toil of millions of men, the toil of men who do not boast, who are inconspicuous, but who live their lives humbly from day to day, and this great body of workers, this great body of toilers, constitutes the might of America.

"What is the manifest duty of all statesmanship, therefore? It is to see that this great body of men who constitute the strength of America are properly dealt with by the laws and properly nurtured and taken care of by the policy of the country.

"Well, what hinders, what stands in the way? Why, you know that everything really worth discussing comes to the question of the corporations. Now, I do not want you to expect from me any invective against the corporations. I was bred a lawyer, but I do not know how to draw up an indictment against a whole nation. If you will give me the facts I can indict one man at a time."

A COLLEGE GIRL'S DAY.

She breakfasts on a pickle,
And then the custom is
To go and spend a nickel
Upon a glass of fizz.

Along about ten-thirty
She needs some solid fare
And goes with Grace and Gertie
To purchase an eclair.

At twelve on pie she lunches,
And through the afternoon
From time to time she munches
A dainty macaroon.

Her pocketbook she'll pillage
At dusk and gayly trudge
To purchase in the village
Ingredients for fudge.

At night, with loosened tresses,
It is her dearest wish
To cook up awful messes
Upon the chafing dish.

And when she's done with brewing
And all the [illegible] to dumb
She goes to bed [illegible] chewing
Her little wad of gum.

Special Promotion Number

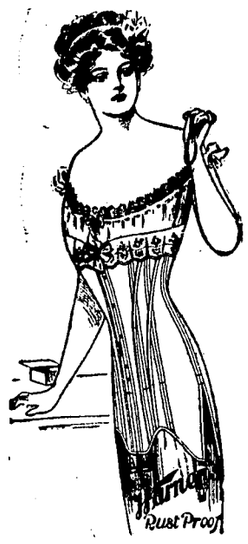
By the Ukiah Times

This is an attempt to advertise Mendocino couuty in a dignified, conservative, and thoroughly modern way among prospective settlers in the state.

We expect to feature every section and every important interest in the county. This is probably the richest and most resourceful county in California not thoroughly advertised. This special Promotion and Panama Exposition number of The Times will bring the county, as far as it lies with the province of a newspaper to do so, to its proper place among the really great counties of the state.

Everyone in Mendocino county should arrange to send copies of this number to friends in the east.

The corsetted figure presents an appearance of long unbroken lines, with curve at the waist.



Our stock of corsets shows a large variety of shapes--long, medium and short, making it possible for every type of figure to fill its requirements with this season's fashionable garments.

Warner's corsets are guaranteed to WEAR --not to rust, break or tear. Their standard of quality is so high that this guarantee is almost superfluous.

On the tissue paper wrapper around every pair of Warner's corsets is an illustrated story telling the proper method of lacing and fitting your corsets.

UKIAH, CALIFORNIA, FRIDAY, MAY 19, 1911.

Woodrow Wilson

(Editorial Correspondence)

San Francisco, May 17th.

Woodrow Wilson, the great scholar and progressive Democratic Governmenr of New Jersey, has come and gone. Governor Wilson is a big man, a fearless man. He thinks right. He has given the people of California an opportunity to see a high grade man in action.

Governor Wilson took an hour off and came down to Democratic head quarters and talked to the "boys" for awhile. He is a plain, democratic Democrat. He believes more in the principle than in the party label. He is a real, genuine progressive and presents a wonderful contrast to some of these "insurgent" fakers who are masquerading around in Democratic lingerie seeking the loaves and fishes.

In his talk to the Democrats in the afternoon, Governor Wilson showed the difference between a progressive Democrat and an insurgent Republican.

He is convinced that the reactionaries will control the next Repubilcan National Convention and that Taft will be renominated. The progressive Democrats will control the Democratic National Convention. A majority of the Democrats are progressive; a majority of the Repbulican are reactionaries. The honest insurgents must unite with the Democrats. Party labels have been lost. The people are voting for principles and not the party label. We will have to have a campaign of identification. The next President will be a Democrat. Governor Wilson is not a "set" candidate for the Democratic nomination as that might influence his action or interfere with his public duty.

Governor Wilson's address at the Fairmount in the evening under the auspices of the Princeton-Harvard-Yale Clubs was a masterpiece. Most of these Princeton-Harvard-Yale graduates are identified with "big business" on the coast. That did not in any way embarrass Governor Wilson. He accepted the courtesy extended him, as any high grade man would; but unlike faker Roosevelt, he did not trim in the least, but hurled big projectiles right at those whose guest he was who were carrying on lawless business, and they had to applaud him.

He is not a flamboyant, flap doodle 4th of July orator, but on the contrary is a clear thinker and brilliant scholar. He is real orator. There are no superfluous words in his sentences. He is probalby the biggest man in American politics to-day and if he secures the Democratic nomination he will be the next President of the United States.

GOVERNMENT BY THE PEOPLE.

All Progressive Reforms Have That For Their Object, Says Wilson.

Discussing the progressive movement in politics, Governor Woodrow Wilson of New Jersey said recently:

"If you will look at the proposed reforms, proposed by men in both parties, meant to serve the country in some special way, you will see that each particular reform has a definite object. For example, the question of the cost of living is a question which touches the great body of the people. It does not touch those exceptional persons whose income is abundant. It touches the whole body of the people. The question of direct primaries touches the accessibility of the offices by the people. It touches the means which they are to exercise to put the sort of men they desire into office. The question of the equalization of taxation means that equality which is justice, that fairness which will see that no man is taxed more than another man or upon a different basis from other men or other corporations. The question of corrupt practices in elections is a question of the attacks which have been made upon the virtue of the people.

"Every direction you turn you will see that what we are straining after is to bring the government back within the touch of the people and to use it in behalf of the people. Upon what sort of occasion, therefore, in what sort of campaign, should a man who remembers the long traditions of American government take greater pleasure and zest than in a campaign which has such objects?"

THE PROGRESSIVE MOVEMENT.

It Is Pervading the Whole Country, Declares Woodrow Wilson.

How widespread is the progressive movement in American politics was eloquently expressed by Governor Woodrow Wilson of New Jersey in a recent speech. The governor said:

"It does not require any great imagination to think that high thoughts and purposes in politics are running subtly through every household and every member of every household in this country. It does not need that you should touch elbows—actually touch elbows—with men in the street and men in the shop in order to know the great issues of human happiness that are involved in a great contest like this, for the question of the tariff is not a mere question of policy. It is a question of the rearrangement of the public interests as you touch every household in this country, and how any man in such circumstances can hold his head up after he has voted for a special interest without a just conception of the common interests I for one cannot comprehend.

"But whether men can comprehend it or not, help it or not, we all know that the 'mills of the gods grind slowly,' and they 'grind exceedingly fine,' and the men who now resist this great impulse of reform, the men who impede this great compulsion of public interest, will be ground so fine in some of these mills of the gods that their very dust will be imperceptible."

Colored Hailstones.

Red hail is not unknown, even in Great Britain, for in May of 1885 there was quite a heavy fall of it at Castlewellan, in County Down. Red and white fell together, and the red hue was not merely on the surface of the pellets, but went through and through. When one was squeezed between the fingers it stained them.

At Minsk, in Russia, an even stranger hail shower had fallen five years before. Some of the pellets were ring shaped, and, while some were distinctly reddish, others were a bright blue. Some scientists declare that the coloring is due to various mineral salts.

A Feeling Allusion.

"I heard Uncle Joe talking about something he said he saw at the horse races, but I know better," confided the recently chastised small boy to his chum. "He saw 'em right here, and they're my ma and pa."

"What did he say?" asked the chum.

"He said he saw a spanking team."

Things Occurring in Ukiah Fifteen Years Ago

A survey was begun by D. F. McIntyre last Monday of the proposed new road from Hullville, Lake county, down Eel river to Potter valley.

The residences of Chas. Henningsen and A. F. Carmichael at Fort Bragg were destroved by fire May 1.

Crow and Van Horn have been convicted of murder in the second degree for the hanging of Jack Littlefield.

Ed Purdy and Miss Louise Dyer, of Laytonville, were married at the residence of Robt. Puett in Ukiah Sunday evening.

O. R. Wager, of Boonville, formerly justice of the Peace, died Wednesday evening of last week.

A plan is on foot to start a creamery in Ukiah.

UKIAH DEFEATED BY CLOVERDALE

Ukiah fans were disappointed again last Sunday in seeing an outside bunch walk off with the game. Cloverdale slaughtered us by a score of 10 to 3. But why talk of the game? The less said of a disagreeable subject, the better. Let's mention Hagans' one run and Reg Caughey's two and the latter's stealing of four bases and his good playing at his position on second; and the crowd, including a number of Ukiah's fair daughters, which took the defeat with a good grace; and last but not least the weather, which was fairly endurable.

Next Sunday the Ukiah boys play Kelseyville on the local diamond. Of course we hope for the best. But the weather this week has not been favorable for practice and the Kelseyville team is said to be a hard aggregation. Game called at 2 o'clock. Admission 25c. Come out and root.

Matinee Furnishes Good Sport

The Ukiah Driving Club's matinee last Saturday afternoon furnished a very interesting afternoon's entertainment for those who attended. There were three events. The first race, trotting, two in three, was won by Freddie J., W. S. Kellaway, owner. The best time in any of the heats was 1:42. The second, trotting and pacing, was won by Lizzie Wilkes, J. J. Coleman, owner. Time, 1:29 1-4. The third race, trotting and pacing, was won by Dr. Hudson's Claude Duval. Time 1:21.

Notice to Subscribers

We have received notice from the Town and Country Journal that on account of a ruling of the Postal department all papers mailed to subscribers of the Dispatch-Democrat as premiums will be discontinued. The paper is a good one and it is hoped that many of our subscribers will continue to take the Journal directly, paying the subscription price of 50 cents a year. 2t

Working for Redmond

The many friends of Phil Redmond are working hard to get him the $12,000 house and lot given by the San Francisco Examiner. Their efforts have won a lot, but they are not contented with that and are trying hard for the big prize. Everyone is urged to help the railroad boys in this matter, as their design is a most laudable one.

OTHA L. STANLEY PASSES TO REST

After a plucky fight against the inevitable lasting for four or five years, Otha L. Stanley passed away at his home in Lakeport last Sunday. The cause of his death was consumption. He had been sick for a long time, but with rare fortitude he fought hard for life and up to the very last his hope for recovery never waned. His wife had been up and attended to his wants Sunday morning at 1 o'clock and when she next awoke at 2 he had gone.

Mr. Stanley was one of the best known and most competent all round printers and neswpaper men in northern California, and the newspaper fraternity in the two counties learned of his death with the utmost regret. He is also missed by a host of friends in both Mendocino and Lake counties.

He was born in Missouri in 1869 and moved to Iowa with his parents at an early age. When a young man he come to California and settled at Lower Lake, later moving to Kelseyville. Here he started a newspaper, the Kelseyville Era, which he edited and published for a short time. Later he went to Lakeport and worked on the Clear Lake Press. He next came to Mendocino county and went to Mendocino city, where he was foreman on the Mendocino Beacon for a number of years. About 1903 he came to Ukiah and took the foremanship of the Dispatch-Democrat which he held for some time, leaving this paper to take an interest in the Republican Press with W. O. White. They later dissolved and he returned to the Dispatch where he was again foreman for several years. He then went to Lakeport to conduct the Bee for W. L. Rideout. Shortly afterward his health began to fail and he resigned his position and began to live in the open. He established a small job shop in Lakeport and worked at the trade as he was able, but of late years has been practically bedridden, although he would not give up, and kept to his feet until within a few days of the end.

He was married to Miss Mary Gard, of Kelseyville, in 1896 and she and five children survive him. He also leaves three sisters, a brother and a father to mourn his demise.

The funeral was held in Lakeport last Tuesday and was attended by friends from Mendocino and Ukiah who went over to pay their last respects. Abell lodge of Masons sent over a beautiful floral piece, he being a member of the Mendocino lodge and having affiliated with the order here during his residence in Ukiah.

U. H. S. Ball Team Defeats Talmage. Looking for Blood of Ukiah Town Team

(Edited by Victor Endersby)

The U. H. S. baseball team defeated the Talmage team by a score of 19 to 13 Saturday afternoon, and are now hungering for the blood of the town team. A game will probably be played in the near future. Steady and consistent practice is bringing the team up to a high grade of efficiency, and the end is not yet in sight.

At a Senior class meeting Tuesday it was decided to have the Baccalaureate service held in the Presbyterian church.

A feature of Commencement Week will be Junior Night. Part of the program will be a strenuous debate on a question which is now keeping the country thoroughly agitated.

Program for Commencement week later.

Had Narrow Escape

Juge J. M. Mannon and party consisting of Otis Redemeyer, J. A. Waldteufel, Frank Sandelin and Wm. Marlowe met with an accident while autoing north of Calpella last Sunday afternoon and while the escape of the entire party was a close one that of the Judge was particularly so. The machine stopped on the grade near the bridge across Russian river and started to back over the bank into the river before Mr. Mannon, who was driving, could put on the brakes. He managed to steer it away from the bank and went into a gully. The machine turned over and the Judge was caught under it, the rest of the party jumping in time to escape. Other than a bad scare no harm was done, as the Judge was found to be uninjuerd.

For Exchange—$2500 cottage, 4 and 5 rooms, lot 50x150, price $1500, will pay balance in cash up to $4000; also two cash buyers for 5 to 20 acres land up to $3000; also business property $10,000 for ranch; send us description of your ranch at once. We mean business.

TO THE PATRONS OF THE SCHOOL BOND UKIAH GRAMMAR SCHOOL

We, the undersigned, Trustees of the Ukiah Grammar School, have this week, given notice of an election to be held in this School District, on Saturday, the 10th day of June, 1911, for the purpose of voting on the question of bonding the property in the District for $6500, to be used in repairing the school-houses, and supplying furniture as follows:

1. To renew all the stair-ways, six in number.
2. To re-floor both the first and second floors of the old school building.
3. To re-paper and replaster portions of the building, where paper and plaster have become badly defaced and damaged.
4. To repaint the exterior of both buildings, and the interior of the old building.
5. To repair the roof of the old building.
6. To enlarge the toilets.
7. To repair some of the old desks, and to purchase new desks for some of the rooms.

We have had an estimate made by competent persons, to determine the amount of money necessary for the above purposes, and we are informed it will take about $6500 for the same; it is proposed to issue 13 bonds of $500 each, to bear interest at the rate of 5 per cent per annum, two bonds payable each year for six years, and one bond payable the 7th year.

The amount of money necessary to pay two bonds and interest for the first year will be $1325; this amount will decrease each year, and on the 6th year the payment required will be $1075, and the 7th year, $525.

The assessed valuation of the property in this school district last year was a little over $1,300,000; the tax to raise the money asked for will be for the first year, about one dollar on each one thousand dollars of property in the dsitrct, and will decrease gradually each year.

The Board thinks the repairs and furniture mentioned are badly needed, but have no personal desires in the matter and no interest, other than that common to every patron of the school, and it wishes all the patrons and electors of the district to visit the school and inspect the buildings and see for themselves, between this time and the date of the election.

It will require a two thirds vote of all voting, to bond the district.

Respectfully submitted.
